Dear Colleagues,

As you review your annual giving, I would like to ask you all to consider a gift to the APA Development Fund. This fund was established in 2003 in response to the increased need for support of APA-sponsored activities. It is meant to support Young Investigator Grants and trainee scholarships to the annual meeting. The Fund also will be used to support other new programs that serve the APA mission. We hope to make the fund self-sustaining, but it will be hard to succeed without the support of the entire membership.

Contributions are fully tax-deductible. Whether you choose to contribute \$50, \$100, \$250, or another amount, I urge you to participate. Also, if you have thoughts or ideas about other possible sponsors, I would welcome your input. If you have already made a donation in 2013, we thank you.

Remember also that the names of contributors to the Fund are listed in the Newsletter and are posted at the annual meeting!

Thank you,

David Keller, MD
President, Academic Pediatric Association
