

Pediatric Academic Societies Meeting

May 6 - 9, 2017 • San Francisco, CA

Dear Friends of the PAS Meeting:

The PAS Program Committee is pleased to announce **important changes** to the PAS 2017 Meeting program planning. Based on your feedback we have adopted an **easier** to use planning tool, ScholarOne Abstracts. Additionally we have developed a [streamlined timeline](#) to allow selection of the most up-to-date content and to reduce conflict with year-end holidays. Unchanged is our commitment to presenting a high-quality program with the latest science, from basic to translational, and clinical and health services research from across academic pediatric specialties.
